INTRODUCING THE NEW "SĀFA-SLAT" SYSTEM

A STYLISH STRUCTURAL INFILL FOR BALUSTRADES AND SCREENS

Unex Systems has released the new aluminium Sāfa-Slat system - a stylish structural infill for balustrades and screens. Designed for privacy and shelter, engineered for safety and compliance, Sāfa-Slat takes outdoor living on your deck to a new level!

Sāfa-Slat is ideal for applications such as:

- Standard height balustrades where privacy from lower areas is required
- Higher screens where shelter from wind is required, or privacy from adjacent areas at a similar level is required
- Apartment dividers
- BBQ backing screen
- Patio and urban landscape screens

NOTE: MUST BE READ IN CONJUNCTION WITH RELEVANT TECHNICAL SPECIFICATIONS
